Dear Mr. Salvato:

The FCC allows Time Warner Cable systems to make annual rate adjustments. We are planning to change our equipment and installation rates effective January 1, 2006. FCC rules require that we notify you 90 days in advance of any proposed increase in our equipment charges.

We have enclosed FCC Form 1205 that we used for calculating the new equipment and installation charges. This form is based upon the best information available to us at this time. We reserve the right to update the Form 1205 should better information become available to us.
